Re: CC Docket No. 96-45
In the Matter of Federal-State Joint Board on Universal Service
Federal High-Cost Support Certification for Rural Carriers in Illinois

Dear Secretary Dortch:

Pursuant to its May 23, 2001 Rural Task Force ("RTF") Order in the above-referenced proceeding, the Commission required states that wish to receive federal universal service high-cost support for rural carriers within their boundaries to file a certification with the Commission and USAC stating that all federal high-cost funds flowing to rural carriers in that state will be used in a manner consistent with Section 254(e). The Commission ruled that states should be required to file annual certifications with the Commission to ensure that carriers use universal service support "only for the provision, maintenance and upgrading of facilities and services for which the support is intended." consistent with Section 254(e).

This filing comports with the Commission's requirement. It lists the rural carriers operating in Illinois that certified to the Illinois *Commerce* Commission that all federal universal service support will be used solely for the provision, maintenance and upgrading of facilities and services for which the support is intended.

In order to meet the new certification requirement, the ICC asked carriers to sign and return a notarized affidavit attesting to the proper use of the federal universal service support. With one exception, all carriers signed and returned the affidavits. Below is the *list* of carriers that successfully returned the affidavits. Attached to this letter are copies of the carriers' affidavits for your review.
